

Product Information

Brand

USAMS

Model

US-CD151

Name

PB56 PD3.0 +QC3.0 Fast Charging
Power Bank with Lanyard 22.5W

Color

Black/ White

Material

ABS+PC

Capacity

10000mAh

Rated capacity

6000mAh

Rated Energy Value

37Wh
(Can be taken on plane)

Size

143*69.5*15.3mm

Weight

About 230g

Micro / Type-C Input

5V  3A 9V  2A 12V  1.5A

USB 1 / USB 2 Output

5V  3A 9V  2A 12V  1.5A

Three Ports Total Output

22.5W (4.5V  5A) Max

Battery

Li-polymer battery

Accessory

Micro charging cable*1

Compatibility

For Apple/Android phones

Flash Charge Big Capacity

10000mAh
Fast Charging Power Bank

PD3.0 + QC3.0

Three Outputs
Fast Charge

With Lanyard

Support PD +QC
fast charging

Three Outputs Fast Charge

Support PD3.0+QC3.0 fast charging

FAST CHARGING

① Type-C PD ② USB*2
QC / FCP / AFC / APPLE 2.4A

Wide compatibility
good performance

Fast Charge

Compatible with multiple
fast charging protocols, wide application

Brand	Fast charging protocols	Compatible model
Huawei	FCP	P40/30 series, Mate30/20 series, Honor 20 etc.
Xiaomi	QC	Xiaomi 10, 9, 8, Mix3, Mix 2s etc.
Apple	PD	iPhone 8~12 series
Samsung	AFC	S20/10 series, Note10/9 series

*Fast charge= fast charging model + fast charger+ fast charging cable
(None is dispensable,otherwise it is normal charging)

*Do not support fast charging for OPPO/vivo

*The data is from USAMS and might have small deviation in actual use

**Applicable for iPhone 8-12
charged 50% in 30mins**

iPhone 8-12 Charged 50% Power in 30mins

Matched with PD fast charging cable, fast charge
for iPhone 8-12 series

USAMS PD Fast Charge Power Bank

Charge for 30mins

50%

Old-typed 5V/1A Normal Charge Power Bank

Charge for 30mins

18%

*The data is from USAMS and might have small deviation in actual use

PD two-way fast charge

PD Two-way Fast Charge

Support PD3.0 two-way fast charging

Type-C

PD input/output

**PD fast charge for devices:
fully charged for iPhone
Xs about 1h**

Use with PD
fast charging cable

Micro

normal input

**PD fast charge for the
product: fully charged
power bank about 3.2h**

Use with 18W PD
fast charger

* Charge for the product,when use 9V/2A fast input,it takes 3.2 hours;
use 5V/2A normal input, it takes 6 hours

* The data is from USAMS and might have small deviation in actual use

**Support charging 3 devices
at the same time**

**Charge 3 devices
at the same time**

*It is normal charge when using two/three outputs at the same time

10000mAh big capacity

10000mAh Big Capacity

Ultra-big capacity, provide sufficient power

2 times

iPhone 11

1.6 times

Huawei P40

1.3 times

Xiaomi 10

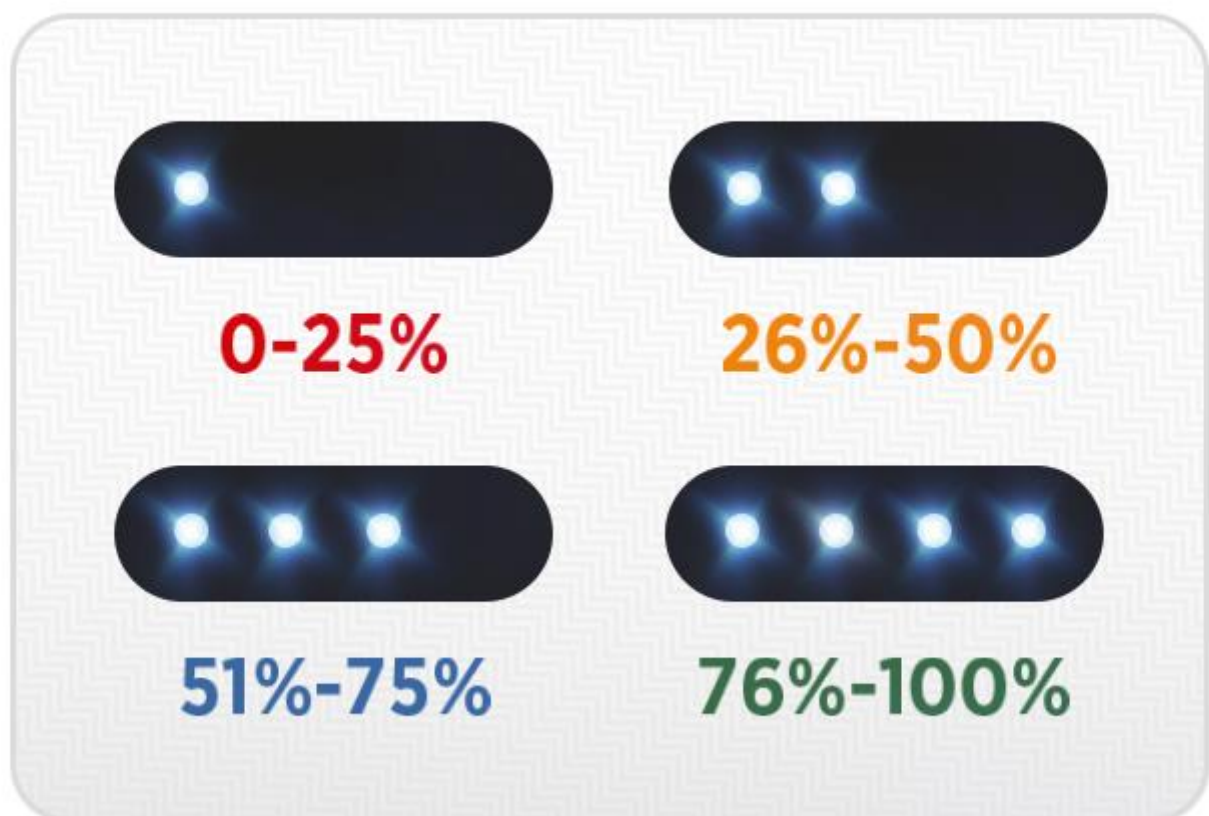

*The data is from USAMS and might have small deviation in actual use

LED display
remaining power

Display Battery Status

LED screen, display remaining battery

Anti-slip, Waterproof
Anti-fingerprints

Anti-slip · Waterproof · Anti-fingerprints

Non-slip, easy to carry,
round-shaped, smooth and comfortable

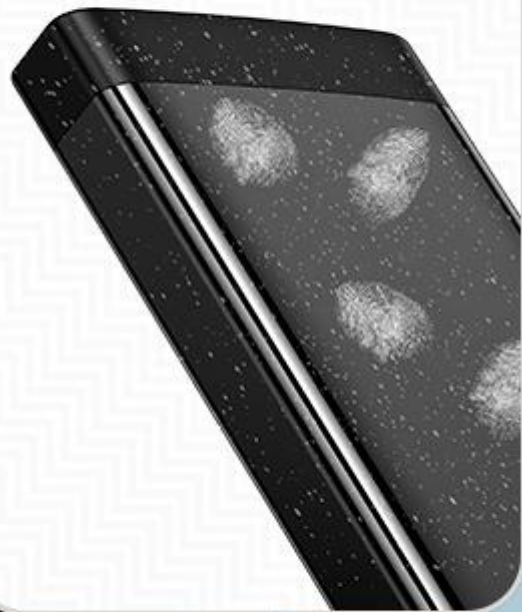

Water-proof & abrasion-proof shell

Non-fingerprints, easy to clean

Mirror surface shell

Covered with fingerprints

*Do not put the product into water to avoid circuit damaged

**With lanyard
easy-to-carry**

**With Lanyard
Convenient & Portable**
