

## YIHUA 908D-II Anti-Static thermostat electric soldering iron

### Product Details

#### FEATURE:

Portable anti-static thermostat soldering iron, using latest advanced temperature control circuit for precise temperature control.

- Heating core uses high quality and durable materials, extending its service life.
- The handle uses completely new environmentally friendly and heat resistant materials. A high temperature spacer between the handle and the heating tube prevents heat transfer and ensures comfortable use.
- Green LED digital display, allowing users to directly monitor the temperature and making soldering work easier.
- It is equipped with Fahrenheit / Celsius display conversion function.
- 0/5/10/30 minutes fixed sleep function, can effectively extend the service life of the iron tip; iron does not use to reach the sleep mode, you can choose 0.

#### Parameter

Model:908D-II

Power supply voltage:AC 110V  $\pm$ 10% 60Hz/AC 220V~240V 5

Power: $\leq$ 65W

Adjustable temperature range:90~480°C

Operating temperature:0~40°C

Storage temperature:-20°C~80

Storage humidity:35%~45%

Tip-to-Ground Impedance:<2ohm

Tip-to-Ground Voltage:<2mV

Temperature display:LED

#### Package data:

inner box size:24.5\*12\*6.5cm

unit weight : 0.6kg/pcs

Outer carton quantity :20pcs/ctn

outer carton size:50\*25\*34cm

outer carton gross weight :13KG/CTN
